

MON NA LISA

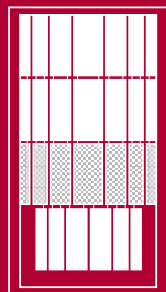

Eden interpreta con forme, tecnologia e materiali contemporanei il tema delle luci d'ambiente di grande impatto visivo e dimensionale. La geometria della struttura, stilizzata e leggera, dialoga con l'insieme delle tessere che costruiscono il diffusore, che sia spento che acceso ha cromie e sfumature sorprendenti.

Design
Danilo Premoli

Eden represents the theme of the ambient light using contemporary shapes, technologies and materials with strong visual and dimensional effects. The stylized and light frame combines with the components of the diffuser which presents amazing shades of colour both when it is on or off.

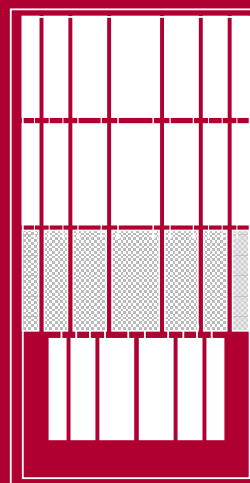

Eden interpretiert mit zeitgenössischen Formen, Technologien und Materialien das Thema der räumlichen Lichtgestaltung mit großer optischer und dimensionaler Wirkung. Die Geometrie der Struktur, stilisiert und leicht, spricht mit der Gesamtheit der Plättchen, aus denen der Lichtschirm besteht, der sowohl aus- als auch eingeschaltet überraschende Farbtöne und -nuancen aufweist.

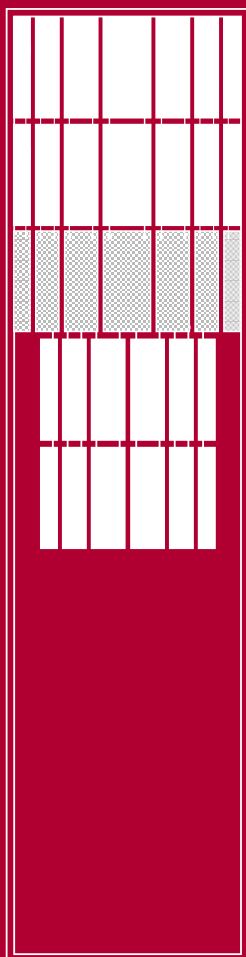

EDEN T 1

20 cm x 20 cm base
38 cm altezza totale
33 cm altezza diffusore
● 1x60W E14 opal

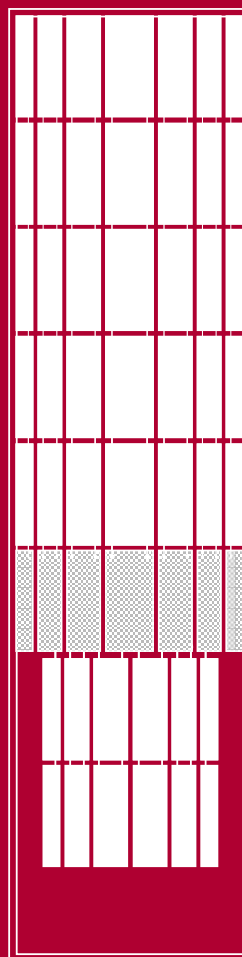

EDEN T 2

32 cm x 32 cm base
63 cm altezza totale
53 cm altezza diffusore
● 1x150W E27 Superlux

EDEN F 1

32 cm x 32 cm base
125 cm altezza totale
53 cm altezza diffusore
● 1x150W E27 Superlux

EDEN F 2

32 cm x 32 cm base
125 cm altezza totale
106 cm altezza diffusore
● 1x100W E27 Superlux
● 1x100W E27 opal
